TAIPANCO RECEIVES 13 PRIME MOVERS

Company's fleet now comprises 43 MAN TGS 'workhorses'

KUALA LUMPUR

MAN Truck and Bus (M) Sdn Bhd has handed over 13 MAN TG WW series trucks to Taipanco Sdn Bhd, a local haulage firm.

The delivery means Taipanco's fleet now has 43 MAN TGS 28.440 prime movers.

The new trucks will enable Taipanco, whose core business is

container transportation, to provide efficient and reliable services for its clients.

Based in Port Klang, Taipanco is one of the largest container transportation operators in Northport and Westports.

"The MAN TGS prime movers have a lot to offer in terms of loading capacity and payload," said Taipanco executive director Datuk Nazari Akhar.

"They are easy to handle, with

great manoeuvrability and meet all our requirements in terms of comfort, economy and dynamics.

"It is the perfect solution for a reliable and cost-effective working vehicle," he added.

With a twin countershaft gearbox that is lighter and stronger than a regular gearbox and reputable axle reliability, the MAN prime mover offers better fuel consumption and is suitable for

long-haul transportation.

"We are delighted to be able to help Taipanco achieve its busi-

ness goals," said MAN general manager of sales and marketing Jerome Wong.
