

MTBM signs dealership agreement with MINUFA in east coast

KUALA LUMPUR: MAN Truck and Bus (M) Sdn Bhd (MTBM) has signed a dealership agreement with MINUFA Automobile Sdn Bhd (MINUFA) to distribute its commercial vehicles and provide after sales services in the east coast.

Managing director Hartmut Mueller said MINUFA had a reputation for reliability and cost efficiency.

“We recognise the access to after sales services and ease of obtaining genuine spare parts as crucial in keeping vehicles operational and maintenance costs low in the

long run.

“The appointment of MINUFA as our 3S (sales, service and spare parts) management for car dealers will help advance this objective and further strengthen our presence in the east coast, adding to both our sales and service networks in the country,” he said in a statement.

Under the agreement, MINUFA, as an after sales service partner, will have a dedicated branch solely for MTBM commercial vehicles. The MTBM service centre operated by MINUFA will be located at Kuantan, Pahang. — Bernama
